So, haven't seen a cicada thread in a while, I have received an e-mail with dedicated tor link (as all others did if they applied for it on that .onion adress). Since I cba doing it (inb4 do not know) because it seems to me like its going to be a really long ARG, I'm giving my cicada puzzle/riddle away. Submit your e-mail and you'll get all the info you need.

Posting in OP's thread to not shit up the board.

I'm also giving my code away since my schedule wont allow me to continue this game, post me your email ITT, also it would be great if you could keep me updated and email me with whatever the "reward" is (the reward is yours and yours alone of course- I just want to know what it is.
